Signal Hill, Ca. 90806

Subject: Water Treatment And Discharge

Dear Mr. Kerscher:

Thank you for your assistance with the treatment and disposal of our terminal wastewater.

Your mobile treatment systems have been used to effectively treat our terminal waste water for discharge from our San Diego terminal. The system effectively removes MTBE, Benzene and other organics to meet all discharge criteria without generating a waste stream and avoiding the use of activated carbon.

Your engineers were diligent in securing all applicable authorizations to discharge this wastewater from the City of San Diego.

We look forward to working with Envent Corporation again in the future.

Sincerely,

[Handwritten signature]
